

COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE	Docket No. N0004/7001C2
Applicant: Ranalli et al. Serial No: 10/802,935 Filed: March 18, 2004 For: METHOD AND APPARATUS FOR ACCESSING A NETWORK COMPUTER TO ESTABLISH A PUSH-TO-TALK SESSION Examiner: Andrew Wendell Art Unit: 2618 Conf. No.: 5158	

In response to the Examiner's comments on the prior art of record, Ranalli et al. would like to reinforce our belief that Maggenti fails to disclose establishing communication with "unregistered" users. Maggenti does not teach a mechanism for communicating with "unregistered" users that are not registered with any mobile operator's PTT service.

As a point of further clarification, Ranalli et al. believe that the secondary reference, Szurkowski, does not relate to PTT Service, but rather describes a telephone conferencing and facsimile communications systems which cannot properly be combined with Maggenti.

Respectfully submitted,

/Therese A. Hendricks/ Date: 2009-03-11
